SPONSORSHIP OVERVIEW

SAINTCON is made possible by the amazing contributions of corporate sponsors and partners. Your involvement helps us meet our goals of providing learning and community in a fun and engaging way that makes the difference in so many industries.

Event Partner Level

This sponsorship level is reserved for just **two organizations** who share our mission, and wish to work with us to ensure that their involvement in our event leads to a beneficial and lasting relationship that mutually benefits our attendees and your business. This is our highest level of engagement and receives the highest level of support from our team.

This sponsorship level is also granted several exclusive opportunities for engagement including our events like Family-Night or Pre-Conference Registration. These are both great opportunities to engage with attendees.

Gold Sponsor Level

Our Gold sponsors are a critical component of success for this event. Most Gold sponsors support the conference year-after-year allowing us to focus on building the best event possible. This level of sponsorship provides the best-value for direct engagement with our attendees in a traditional expo-style setting. These opportunities sell out quickly and are limited in number due to space constraints.

Community Sponsor

SAINTCON is built around one of the best cyber-security communities on earth, Utah! This sponsorship level allows non-profit community organizations to have an opportunity to get exposure and build their community at SAINTCON. These are traditionally used by local DEFCON (DC801,DC435) groups, or security-oriented community or education groups. *These are offered as a free community service based on availability.*

MINIBADGES

SAINTCON is the home of the MiniBadge! These little circuitboards are highly collectable and sought-after by attendees. For our Event Partners, a MiniBadge designed by SAINTCON is included. All sponsors are encouraged to either design your own, or work with SAINTCON to have one designed for you.
